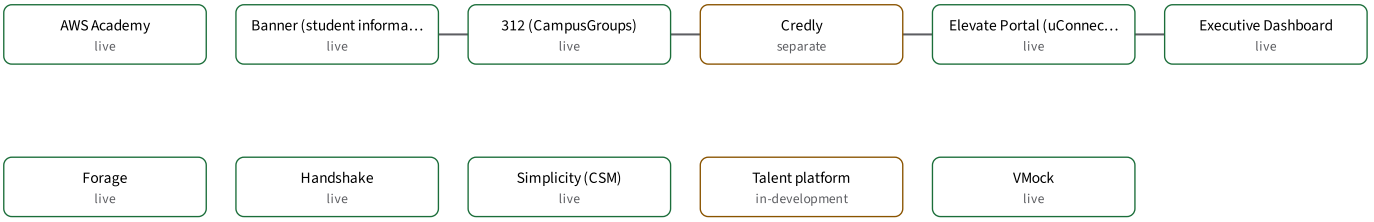
Systems map

Each box is a system; a line is a stated integration. Status uses color and a text label, never color alone, and the table below carries everything the diagram draws.



Every system

Role, status, owner, data held, integration status and known limits.

System	Status	Role	Owning office	Data it holds	Integration	Known limits
AWS Academy	live	certification pathway across five academic schools	AWS Academy — Center of Excellence	certification-track enrollment and completion (five tracks)	Center of Excellence; free vouchers; provider certificates upload as evidence	completion data stays with the provider
Banner (student information system)	live	student information system of record (GPA, enrollment, semesters)		enrollment, GPA and academic standing, semesters to graduation	integrated with 312/CampusGroups per the assurance argument (3.E)	contents not held by Elevate; read through the institution's reporting
312 (CampusGroups)	live	engagement and badging platform, branded internally as 312	Career Services & Experiential Learning	cohort groups, sequential checklists, badge issuance records, co-curricular transcript, event tracking and check-ins	institution-wide subscription (Ready Education); hosts the Elevate group and the badge catalog	stores completion only — rubric scores live in the coach review process (SoT §12); refuses to save a badge whose required Alt Text field is empty (accuracy review, Part 1)
Credly	separate	badging platform used by the Center for Learning Innovation, not by Elevate	Center for Learning Innovation (CLI)		CLI's current badging platform (described as expensive and over its limits); 312 discussed as a partial alternative	Elevate badges are not issued through Credly; a May milestone page's 'shared via Credly' line is superseded wording (register)
Elevate Portal (uConnect)	live	public-facing virtual career portal at elevate.iit.edu	Career Services & Experiential Learning	public resources and blog posts, pathway and channel pages (curriculum-based pathways), employer-facing content	powered by the uConnect platform (vendor)	strips modern CSS from custom HTML, requiring table-based layouts for custom pages
Executive Dashboard	live	single source of truth for senior leadership metrics	Career Services & Experiential Learning	monthly program metrics processed from 312 exports	static single-page web application on GitHub Pages; Python data processing for monthly updates	updated monthly from exports, not live
Forage	live	virtual job simulations	Career Services & Experiential Learning	simulation completions	virtual job simulation integrations	
Handshake	live	job matching, employer engagement and career fair management	Career Services & Experiential Learning	student profiles, job postings and applications, First Destination Survey responses	national platform; First Destination Survey infrastructure for outcomes reporting	
Simplicity (CSM)	live	career services management tools	Career Services & Experiential Learning	internship form processing records	career services management; internship form processing	
Talent platform	in-development	institution-only employer matching using AI on skills and hiring needs	Talent platform		in development as a Handshake alternative; Elevate badge metadata, skills attribution and credentialing standards to align from the start (Master Reference section 8)	not yet launched

System	Status	Role	Owning office	Data it holds	Integration	Known limits
VMock	live	AI-driven resume scoring and feedback	Career Services & Experiential Learning	resume scores and feedback	standard activity for Year 1 and Year 2	

Wide tables scroll sideways inside their frame.

Which system holds each layer

A layer with no system is a visible gap, not a blank.

Chain layer	Held in
Frameworks	Gap: no system holds this layer yet
Competencies	Gap: no system holds this layer yet
Requirements	312 (CampusGroups)
Activities	AWS Academy, 312 (CampusGroups), Forage
Touchpoints	312 (CampusGroups)
Evidence	Gap: no system holds this layer yet
Badges and records	312 (CampusGroups)
Outcomes	312 (CampusGroups), Handshake
Labor-market signal	External by design (public labour-market data)
Other	312 (CampusGroups), Executive Dashboard
